

## Chemical Management Solution

Easily comply with chemical regulations, including generating InCheck reports.

### Benefits to you

#### > Ease of use

Bulk upload your chemical inventory quickly by SDS drag-and-drop or Excel template.

#### > Greater compliance

Quickly identify chemicals linked to ZDHC MRS� and other certifications using interactive dashboards.

#### > Time-saving InCheck Conformance

Preview your score so you can make improvements before generating ZDHC InCheck reports.

#### > Verified InCheck

Perform ZDHC Verified InCheck via our partner verifier.

#### > Visibility

Connect and share your data with your customers for greater transparency and progress tracking.

#### > Understanding

Multilingual in-time support and training available.

#### > Better value

Access your wastewater data and upload or transfer ZDHC wastewater lab reports, free of charge.

#### > Link your account

Seamlessly to your ZDHC Gateway account.

### Key features

Performance benchmarking and conformance reporting

Linked to third-party standards  
i.e., ZDHC Gateway, Chemical score-Scivera & ToxServices

Customer linking to seamlessly share data

Bulk upload Multilingual Safety Data Sheets

Multiple data entry processes, including system integration

One system for all your inventory

Analyze wastewater and sludge according to ZDHC Wastewater Guidelines.

Submit data to ZDHC Gateway – Wastewater Module for suppliers, ensuring transparency and compliance.
